

HIDE BUTTON IF THERE IS DATA IN THE COLLECTION FOR USER

```
import wixData from 'wix-data';

$w.onReady(() => {
  // Wait until the dataset is ready
  $w('#projectsFormDataset').onReady(() => {
    // Get the current item from the dataset
    const currentItem = $w('#projectsFormDataset').getCurrentItem();

    if (currentItem && currentItem.fullName) {
      // If the 'fullName' field is not empty, hide the button
      $w('#addListingBTN').hide();
    } else {
      // If the 'fullName' field is empty, show the button
      $w('#addListingBTN').show();
    }
  });

  // Add a change event listener to the input to update button visibility
  $w('#inputFullName').onInput(() => {
    const fullNameValue = $w('#inputFullName').value;

    if (fullNameValue) {
      // If the input has a value, hide the button
      $w('#addListingBTN').hide();
    } else {
      // If the input is empty, show the button
      $w('#addListingBTN').show();
    }
  });
});
```

DELETE LISTING CONFIRMATION

```
//////////////////// Delete listing //////////////////////

$.onReady(() => {
  // Store the original label of the DeleteConfirmationBTN
  const originalLabel = $('#DeleteConfirmationBTN').label;

  // Add a click event handler to the DeleteConfirmationBTN
  $('#DeleteConfirmationBTN').onClick(() => {
    // Change the button label to "Are you sure?"
    $('#DeleteConfirmationBTN').label = "Are you sure?";

    // Show the delete button
    $('#deleteBTN').show();

    // Wait for 3 seconds, then revert the changes
    setTimeout(() => {
      $('#DeleteConfirmationBTN').label = originalLabel; // Reset the label
      $('#deleteBTN').hide(); // Hide the delete button
    }, 3000); // 3000 milliseconds = 3 seconds
  });

  // Initially hide the delete button
  $('#deleteBTN').hide();
});
```
